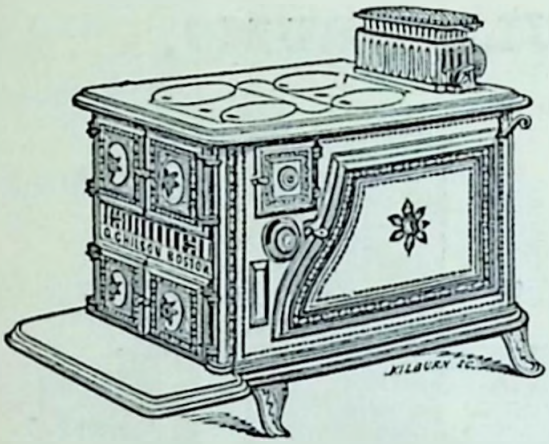
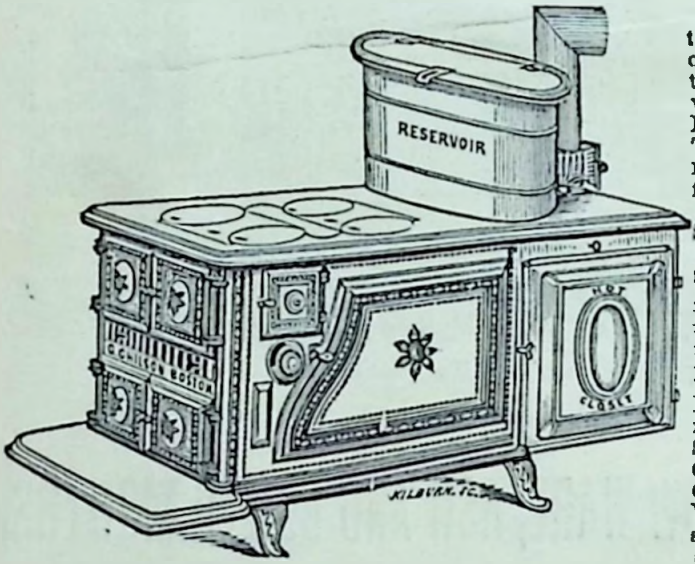
CHILSON'S

NEW COOKING STOVE



Believing that great improvements could be made in the construction and workmanship of Cooking Stoves and that such improvements would be appreciated by the public, and feeling convinced that a long practical experience in the manufacture of Stoves would enable the subscriber to be successful in the undertaking, he has devoted himself energetically for two years to this object; and, as a result, is now prepared to show, he is happy to say, the most important improvements ever made in Cooking Stoves in the United States. This statement is fully confirmed by the large number of Testimonials received from those who have used these Stoves the past season; and five minutes' examination of the Stove itself will further prove all that is claimed for it.



EXTENSION TOP STOVE.

Sizes suited to all practical purposes, from that of the smallest family to the largest class of hotels, with or without WATER FRONTS, EXTENSION TOPS, HOT CLOSETS, RESERVOIRS, etc.; and fitted for either Coal or Wood.

A large supply of these Stoves, together with the **CONE FURNACE** for Brick Work or PORTABLE CASINGS; COOKING RANGES; NEW PARLOR STOVES, Oval and Round, for 1869, with and without OVENS; CONE DISK STOVES, a superior heater for Halls, Stores, Shops, Railroad Cars, etc., etc.; FRAME GRATES, REGISTERS, VENTILATORS, &c., constantly on hand, and for sale in any desired quantity at Wholesale or Retail, at the subscriber's Store,

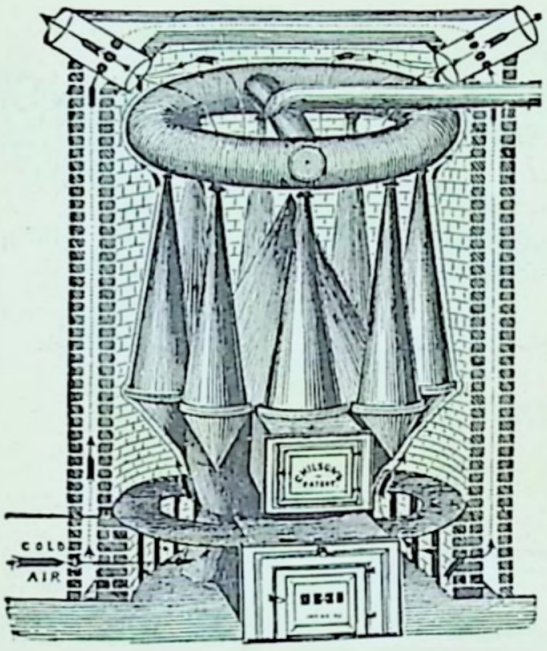
Chilson's Patent Improved Cone Furnace.

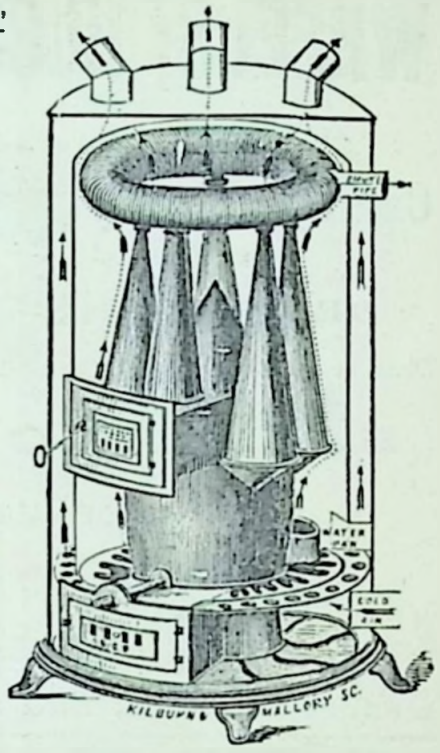
Remodeled for 1868. Patented in the United States, England and France.

A GOLD MEDAL was awarded to this celebrated Furnace, at a recent Fair of the Massachusetts Charitable Mechanic Association; and the only GOLD medal ever awarded any Furnace by this Association.

It has also received another GOLD MEDAL, (first premium at the Middlesex Mechanics' Exhibition, held recently at Lowell.)



FOR SETTING IN BRICK WORK.

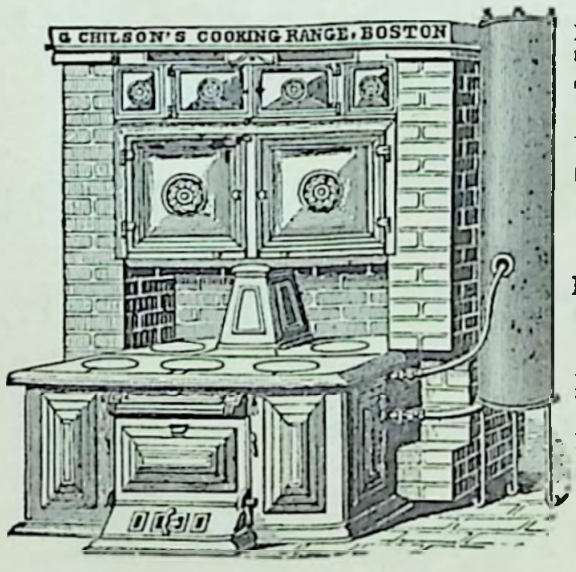


IN PORTABLE CASINGS.

This Furnace is now in such general use, and its reputation being so well and favorably established, renders it needless to particularize its many superior advantages for Warming Buildings over any other known plan. Sizes suitable for warming all classes of private or public Buildings; and for setting, either in Brick Work or as Portables.

CHILSON'S PATENT
IMPROVED ELEVATED DOUBLE-OVEN COOKING RANGE,

Also Remodeled, and Final Improvements just added.



This celebrated Range has become an INDISPENSABLE FIXTURE in all well-regulated Kitchens. It is truly

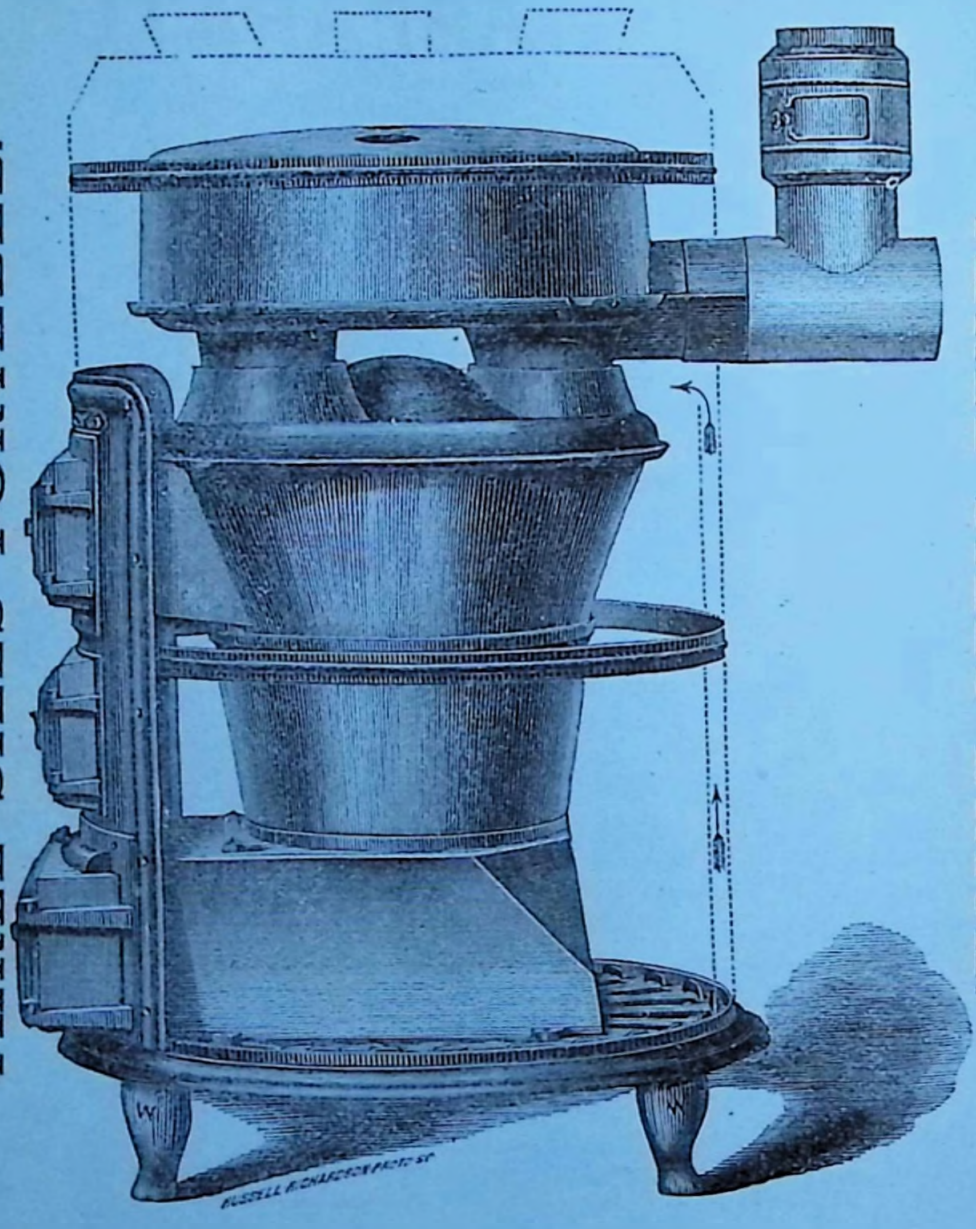
WALKER'S FURNACE.

THREE SIZES PORTABLE.



THREE SIZES BRICK.

This Furnace is constructed upon a new and improved principle. The products of combustion pass across the upper and lower domes in such a manner as secures economy of fuel and a more equal distribution of heat to their surfaces. Its spacious shifting chamber and receptacle for ashes make it very desirable in this respect. It is provided with double self-packing joints, thus avoiding the escape of gas and dust. The form of its surfaces insures equal expansion (a great desideratum), as it prevents the opening of joints and warping.

We hope it will be your pleasure to examine this Furnace before purchasing another kind.

The Common is a tract of land of a number of acres, situated on the easterly side of the village, and was granted to the town in 1752, by Sir William Pepperell. The donation of a part consisted of four acres, "for building a meetinghouse, for a burying-place, and for setting up a schoolhouse, and for no other use or end whatever." A still larger grant was made of land adjoining, by the same grantor, "for a training field," etc. The Unitarian Church, now occupied by Rev. J. T. G. Nichols' society, is situated on this grant.

PARSONS & HARRINGTON, General Agents,

The success of the EMPIRE has been unequalled in this or any other country. It is true, and because the features of the EMPIRE are liberal and yet strong.

ALL POLICIES ARE NON-FORFEITABLE.

All policies are INCONTESTABLE for any cause excepting fraud.

All restrictions on TRAVEL and RESIDENCE removed, and no permits required; experience and statistics proving them to be unnecessary, while they are vexatious and expensive to the insured; and NO EXTRA CHARGE FOR WOMEN, or any class of ordinary risk.

NO ACCUMULATION OF INTEREST, increasing annual premiums.

Dividends on the PROGRESSIVE PLAN, and also upon the GUARANTEE INTEREST PLAN. These are declared annually.

The Empire stands ALONE in the simple justice of INCONTESTABLE policies in case of suicide, death for crime, or by accidental cause of any kind.

It has also adopted ~~Massachusetts~~ law in full.
